

# Helping small businesses save on energy

## More energy savings means more efficiency

Improving your business's energy efficiency can feel like a big investment. Save on Energy makes it easier with the Small Business Program, available to businesses across Ontario with 50 or **fewer** employees on-site at any given time. The program offers free energy-efficient upgrades to help lower energy use, boost comfort and reduce maintenance and operating costs. Authorized delivery partners will guide you through every step of the process, from assessment to installation.

## What's in it for you

**Free on-site assessment** to identify energy-efficiency opportunities

**Up to \$3,000** for eligible lighting upgrades

**Up to \$2,500** for eligible non-lighting upgrades

## How it works

- 1 Schedule a free on-site assessment**  
Call **1-833-825-7283** or visit [saveonenergy.ca/sbp](https://saveonenergy.ca/sbp) to book an assessment to identify energy-saving opportunities for your business, including lighting, refrigeration and smart thermostat\* upgrades.
- 2 Review your upgrade options**  
After the assessment, you will receive recommendations for energy-efficient upgrades, which will be available at no cost to you. If you choose to proceed, you will review and sign a participant agreement and work order.
- 3 Complete the installation**  
Authorized delivery partners will handle the entire installation process on your behalf from start to finish, including coordinating contractors, scheduling, installation and cleanup.

## Why you should upgrade

### Lower electricity bills

Reduce energy consumption with energy-efficient equipment.

### Reduce operating costs

Extend equipment life and prevent equipment breakdowns.

### Improve building comfort

Create a more comfortable environment for employees and customers.

## Own a smart thermostat?

Small businesses with air conditioning controlled by a smart thermostat can enroll in **Peak Perks** and earn a \$75 virtual prepaid Mastercard® for participating in brief, automated thermostat adjustments during the hottest summer days. Each year you stay enrolled in the program, you'll earn an additional \$20 prepaid card. Learn more at [saveonenergy.ca/peakperks](https://saveonenergy.ca/peakperks).

## Ready for your free upgrades?
